PAGE 2 | JIB SHEET
As we are nearing the end of July, I am reminded how much I enjoy the cool of Fall. I’m looking forward to our rescheduled regattas and seeing each of your smiling faces. As I write this, our crane is being worked on to install a new motor. For those of you who may not know, our crane is needed when a fixed keel boat wants to go out. The keel is the part of the boat that keeps it level and looks sort of like a stick out of the bottom center of a boat. If you have a chance to look at our Members’ fleet of Fish Class boats that are currently located on our former tennis courts, you will be able to see exactly what I mean.

I had the privilege of being able to sail on a lake for the first time this month on Lake Messalonskee in Sydney, Maine. It’s different on a lake, as opposed to our bay, because the wind is always shifty. It’s never in one direction for long. That, I think, makes you a better sailor. I was challenged, even when the wind died, and I learned how to stand on the bow and rock the boat to fill the sails. I was even able to steer that way. I’ve discovered that sailing is truly an ongoing process; you learn something new every time you sail. Every mistake I make, I learn something. If you see me around, ask me which ones. You might laugh. Again, as I’ve tried to do since I began my tenure as Commodore 19 months ago, I urge you to learn to sail. It is a true sense of freedom.

Your Board and Management are, and have been, extremely proud of how our Membership has continued to support our Club. We know COVID is hitting hard in our community. I remind you that, if you are in the Clubhouse, you are required to wear a mask. Our staff members are also required to wear a mask. They wear a mask to protect us, and we wear a mask to protect them. I hope each of you is doing well. If you need anything from us, don’t hesitate to call. (See Page 4)

While we aren’t in the same boat, we are in the same storm, one which we will weather as the South’s Finest Yacht Club.

Be safe.
Your Commodore,
Nicole Ferry
Water Rich

Paddling? Boating? Shelling? Take your pick!

When it comes to water, Northwest Florida is wealthy and area residents are the fortunate heirs of our world-class waterways and the diverse wildlife that makes each one unique.

An afternoon of sailing, kayaking, paddle boarding, motor boating, surfing, fishing, shelling, parasailing, snorkeling, stand-up paddle boarding or windsurfing area saltwater bodies could mean encounters with dolphins, herons, sea turtles, sting rays, seagulls and terns, to name a few.

Head inland to fresh or brackish waters to experience different ecosystems.

“Some of this wildlife is found in few other places in the world,” said Darryl Boudreau, resource program planning manager for the Northwest Florida Water Management District.

Pensacola Bay has received national recognition for its ideal sailing conditions. Pensacola Yacht Club commodore Nicole Ferry attests to its popularity with rave review from visiting sailing teams as well as locals.

WATER THERAPY

Water enthusiasts often relay the personal renewal their hobby affords.

“Sailing is freedom,” said Ferry, a busy attorney, mom and volunteer. “Nothing exists outside the boat. It just can’t! If you let the outside world in when you are on the boat, you will most likely lose concentration, tip the boat over and land in the water. Trust me, I’ve done that.”

For Benz, paddling away the stress of the week as a network administrator was a godsend prior to her retirement.

“It felt like paddling recharged my mind and made it possible to get through another week of work,” Benz said. “I turn off my cell phone and never take radios. I want to hear the birds, water and wind.”

Not surprisingly, he said, even creativity has been shown to increase near water.

JUMP IN!

So with novel experiences, good health and an infusion of joy just around the river bend, why not partake?

Many water experiences – shelling, swimming or simply enjoying a waterfront picnic – are free. Others require a minimum investment, while boating is typically considered a costly hobby.

Yet Ferry hopes to shatter the image of sailing as only for the wealthy so that others will dip their toes into the sport she adopted with abandon at age 44.

She touts junior sailing programs as akin to the cost of piano lessons. And the club also offers reduced-rate transitional memberships for young adults.

Visiting sailors have “spread the word around the world that Pensacola Bay is a unique treasure that just so happens to be one of the greatest natural sailing venues anywhere on the planet,” said Ferry. “We are fortunate that our barrier island allows sailors to have relatively flat, consistent waters to train.”

“Pick a body of water and immerse yourself,” suggested Boudreau, resource program planning manager for the Northwest Florida Water Management District.

“Our local waterways are incredibly diverse and interconnected - from our longleaf forests, to our black water rivers all the way down to the Gulf of Mexico,” he said. “Whether seeking saltwater, freshwater or a mix, you can find sandy beaches along all three parts of the watershed to enjoy a snack or soak in the day.”

“Water is the driving force in nature.” – Leonardo da Vinci

PENSACOLA YACHT CLUB commodore Nicole Ferry, the second woman to hold that position in the club’s history.

Does Commodore Nikki love sailing? Yes indeed!
Well … Stories within stories! Sure, the world really seems different from what we’ve all been accustomed to, doesn’t it? I mean, just taking a daily glance around, it isn’t a quite as simple as a Disney movie moment, by any measure. The “500-lb gorilla story” is, of course, Covid-19, and that justifiably merits our attention, concern, and prudence. Another enormous story is the social upheaval across our nation, and even one more gigantic story is the political situation that is heading to a boiling point later this Fall. And finally, within the boundaries of those big, life-shaping stories, here we are with our own “PYC Story” … one that makes me proud of this Club and everyone who has any to everything to do with PYC.

Your membership - amid a pandemic virus - continues to grow as far as your Directors and Managers can manage. As of this issue of the JIB SHEET, we are 745 members strong, with another 5 to be added at next month’s Board Meeting. That cap of 750 will be the largest in the history of the Club. Thanks to all of our members, we not only have survived the challenges presented by the virus, but we have done better and maintained a level of excellence that many can only hope to achieve, let alone keep rolling along in this environment.

Your sailing members continue to find ways to enjoy the water including the Thursday Night Fun Races and the few regattas that can be managed safely due to Covid. Neil & Janet Davies and Larry & Tracy Cost have been sailing their boats along the Gulf where possible, and as I write this, they are exploring the areas of St. Andrews Bay and Cape San Blas.

Our racers have really put in solid efforts to respect social distancing by altering the way we do regattas, and we can be proud of the results! David Johnson skippered the winning boat in the Gulfport-Pensacola Race, won the Fish Class Opening Regatta, then followed that up with a strong 2nd place finish at the Mobile Yacht Club’s Summer Regatta/ Bobby Hankins Memorial. Most big racing events have been canceled in order to reduce exposure to the virus, but another smaller story inside our sailing world is that of the venerable Fish Class. This was our first racing class in the Gulf Yachting Association, and today we have 8 of these classic racing boats on the water, with 5 of those being based out of PYC. Next month, we may have another boat that may be joining our ranks, as PYC is now the home base of the Fish Class.

Summer Sailing is still moving forward, and your Sailing Director César Travado continues to manage the education into sailing while navigating any changes that Covid may present. Of course, we are not at the capacity numbers he has overseen, but we know that doing large numbers of campers in weekly camps is irresponsible at best, and César is doing all that is possible for the benefit of our members’ kids and grandkids while attempting to minimize virus exposure wherever he can.

Long-time member Bob Kriegel developed a class for developing interest in sailing and teaching people many of the essential skills necessary for being able to sail well and safely. One of Bob’s graduates is Board Member Cynthia Cannon. Cynthia grew up on the water and has been on and around boats all of her life; but Bob’s course offered real-world awareness and training she needed to be better, and as a result is a better all-around boater.

Another story comes from your Finance and Long-Range Planning Committees. Keeping things running smoothly is an enormously important job in normal times, but now - with revenue shortfalls and cancellation of our large yachting events, weddings private functions, as well as a diminished use of the Club by more of our Members - this job has been a very intricate balance of issues. In looking forward to the remainder of the year, as well as decades forward, both committees are working on ideas to ensure that our kids’ kids (and beyond) will be able to enjoy PYC in the same way we do now.

Stories? No matter the world, national, regional or local stage, the “PYC Story” shall remain committed to the fun and enjoyment of the Club for our members - achieving our increasing standards of excellence, and forging ahead for advancement in the years to come. Thanks to all of you - our Directors, our exceptional Management Team, and our Members - our story shall stand strong within the myriad of stories that shape our world.
We have made some progress through our PYC Facilities Action List, which is contained in our PYC Facilities Dashboard. We also have some additions to our Action List. Due to the short time between the June meetings of the PYC Facilities Committee, the PYC Board, and the General Membership Meeting, we did not have an additional PYC Facilities Committee meeting before the Board of Directors Meeting on July 8, 2020. Please review the updated Dashboard (below).

We are pleased to announce the addition of Joseph Leccese to the PYC Facilities Committee. Joseph indicates that he has served PYC previously as a sailing camp parent and volunteer, and has held all the offices of the PYC Junior Yacht Club, including President. His passion for the PYC Junior Yacht Club focused on the future generation of sailors. He brings experience from Cleantech, with disruptive technologies, consulting, and commercial real estate for Fortune 500 and start-up companies. He has experience on industrial boards related to engineering and energy and private school boards including PYC Chair of Buildings and Grounds. We look forward to the experienced perspective and new ideas Mr. Leccese will bring to the PYC Facilities Committee.

Repairs

Previous PYC Facilities Action items, completed since our last Jib Sheet Facilities Report, include repair of the ceiling above the entrance to the men's restroom damaged during Tropical Storm Crisóbal (Photos), completion of the Gwen Herrin Memorial with the previous planting of the “Tom Herrin Camellia,” and the more recent placement of the Gwen Herrin Memorial Plaque for our Sundowners Ceremony on July 3. Please take the time to view and reflect on this memorial placed to the right of the tree-covered walkway leading from the main entrance area to the PYC Porch.

We are also delighted in the completion of repairs to our entry gate damage on Cypress, and we again extend gratitude to our superb General Manager, Jim Warwick, who expedited repairs on this project despite labor availability challenges. PYC Member Steve Cozart completed the renewal of our Burgee Program Insurance with only a 3% increase over last year.

A new PYC Clubhouse occurrence, since our last report, is a ceiling duct leak in the PYC Ballroom entry area. Our staff quickly noted the problem and averted any damage to our trophies in the case below the duct. Repairs are now complete.

Additionally, PYC BOD approved $10,000 for erosion mitigation in our beach area. We are experiencing a combination of erosion from Bay wave action and water runoff from the pool and parking area. We tasked Dockmaster Greg Spitzer and Sailing Director César Travado with the design and implementation of a solution. We look forward to the speedy completion of work.

A new . . . and still outstanding item. is the failure of gears in the motor for the Marina crane. V/C Tom Pace is engaged in this project. A new engine is on order as repairs were determined to be too lengthy and expensive. Completion of this project should occur before the publication of the August PYC Jib Sheet issue.

Still in progress is evaluation for the repair of our chimneys. Reports indicate that none of our chimneys are usable, and we are considering recommended safety repairs. The proposed work would not establish fireplace functionality, and the PYC Facilities Committee is considering additional proposals.
Sustainability

Our venture into exploring sustainability efforts has some initial progress. Paper straws are now available in the Clubhouse, if you prefer. We are exploring recycling paper and cardboard, while other items, including glass and cans, are placed into a general landfill in our area. We want to solicit the help of any of our members with expertise that could advise us on possible composting of vegetable material to curtail our waste.

New Suggestions/Approvals

The PYC BOD also approved action to investigate and move forward on the placement of an AED on “Persistence,” for improved first response in the event of an untoward, on-the-water cardiac event during a regatta. We have requested the engagement of Dr. Josh Hackel, Dr. Brent Videau, and Mr. Dwight Gobeli in this effort.

During our recent General Membership Meeting, P/C Bob Dawkins advanced a proposal to place a “Please No Wake” sign at the entry from the bay to our marina area. The PYC Facilities Committee will be undertaking consideration of design proposals to bring forward to the Board.

From “Doc” Chandler

COVID is finally here in Pensacola. I have several friends and health care worker colleagues infected with the COVID virus. Hospitalizations have spiked, and area ICUs are stressed. Please help stop the spread of COVID with the three W’s: Wear a mask; Wash your hands, and Watch your distance. If we observe these recommendations, we can continue to enjoy “The South’s Finest Yacht Club” safely.

A historical perspective from P/C “Doc” Bob Dawkins

Additional perspectives from the Jib Sheet “d-o-c”
Pied Piper is a welcomed addition to our weekend options. Sue and I love getting out on the bay, finding our favorite anchorages and enjoying the salt air. The Parker is a smooth riding boat. It is equipped with the basics you need. Satori takes care of putting the boat in the water and taking it out. We just walk up, load our gear and off we go. Up next for us is to get checked out on the Tartan, so we can get back to the sails. And with all the fun we are having, we are also supporting Satori Foundation.

-Keith and Susan Bullock

Last summer I had the opportunity to rent the Pied Piper for an outing with my family. The boat is a great boat for a day trip with family and friends, is well-maintained, and ready to go when you arrive. Pied Piper performed extremely well, it was a pleasure, and very easy to use. I intend to rent it again this summer.

-Denis McKinnon, PYC Satori Trustee

Cabin Fever setting in?

Escape now on a Satori Rental!

Introducing:

Contact-free rentals • Weekday Getaways • 1st time rental specials!

Weekday Specials:
$150 for half-day (4hr) rentals
$250 for full day (8hr) rentals

Can’t get away during the week? No problem, we’re extending the special to the weekend for 1st time renters.

For Sailors, Satori has Second Wind, a 28' Tartan.
For Power Boaters, we have Pied Piper, a 25’ Parker (Center Console)

Two booking and payment options:

Option 1: Go to satorifoundation.com and click on “Book a Rental”. Pick your date, sign the rental agreement and enter your code “HalfDay” or “FullDay” and you will receive the special rates.

Option 2: Call or email Sandy Dimick with your date and duration. You’ll receive the orientation along with the rental agreement by email, and you can mail your payment to her at PYC:
1897 Cypress Street – Pensacola, 32502
Sandy: 850-733-6790 or sncyb@aol.com

*5% charge for online processing and cc payment.

Victoria is Vibrating with excitement - She will soon take her new owner sailing!

Heavy Hors d’oeuvres

Thursday, September 24: PYC Lawn – 6-8PM
The Sir Thomas Lipton Interclub Challenge Centennial

This year marks the centennial of the first Sir Thomas Lipton Interclub Challenge sailed in 1920. Unfortunately, the regatta will not be sailed this year due to the pandemic. However, in recognition of PYC’s significant contributions to the event, I will offer in each Ship’s Log a highlight from those 100 years of Gulf Yachting Association racing history.

1981 marked the most recent year that PYC won the Lipton regatta. Unfortunately, I have not been able to locate a photo of our winning team, but I can provide some details from that exciting weekend. Commodore John Fogg and Team Captain Bill Troendle assembled an outstanding group of sailors who practiced all summer in preparation for the regatta in Bay Saint Louis.

After the first three races, Skippers Hunter Riddle with crew Maureen Kane and Ken Lofton; Rick Zern with crew Sara Magee and Anne McBride; and Chuck Barnes with crew Dan Parham and Stuart Shippey III, PYC was tied for first with Pass Christian YC. The pressure was on as Skipper Doug Sansom and crew Ken Lofton crossed the start line in the final race, needing to finish ahead of the always powerful Pass Christian team to bring home that beautiful Lipton Trophy. Doug and Ken sailed a masterful tight cover over Pass Christian all around the course, and PYC members had their hearts in their throats as the two teams sprinted toward the finish. The cheers could be heard all the way back to Pensacola when our PYC sail number finally crossed the line just ahead of Pass Christian!

Being on a winning Lipton team is a distinction that never diminishes. Perhaps a free “brewski” might be in order next time you see one of those racers around the Clubhouse.

Bobby Hawkins Fish Boat Regatta

(Mobile Yacht Club Summer Regatta)

Winners! -!
PYC took 1st, 2nd, 3rd, 4th, and 6th -Yipee!!!

1st Place Rick Zern
2nd Place David Johnson
3rd Place Dennie Blume
4th Place V/C Tom Pace
6th Place P/C Neil McMillan

According to Fish Class “Godfather” Donnie Brennan, this was the “most competitive Fish Fleet in decades!” PYC has eight Fish Boats, keeping the old racing class from 1919 alive and well. Thanks also to years of stewardship from Mobile & Buccaneer Yacht Clubs.

PYC has a new boat on pre-order. All new Fish Boats will be built to strict standards to ensure a fair and even class. Such good fun racing these 21’ gaff-rigged keelboats!

Meanwhile... on the Water!

5 Flags/Cancer Society Regatta/June 20, 2020
The 5 Flags/Cancer Society Regatta was successfully concluded on June 20. In the Spinnaker Class, we had 9 boats entered for the two races conducted.

The winners with the non-adjusted ratings were:
- **1st Place**: DJ Johnson “Raven”;
- **2nd Place**: Bob Patroni “Ariadne”;
- **3rd Place**: Kirk Newkirk “Sea Ya.”

The winners with the adjusted ratings were:
- **1st Place**: Paul & Rachel Gillette “Atlantic Union II”;
- **2nd Place**: David Johnson “Raven”;
- **3rd Place**: John Mathis/David Dunbar “Forerunner.”

An important feature of this regatta is focused on raising donations for the American Cancer Society in fond memory of Amanda Werner, a very active PYC sailor and competitor who died from cancer. Over $1000 was raised by the boats and crews, with donations coming from Paul & Rachel Gillette, John Mathis, David Johnson, Jeff & Ellen Hunt, and Bob Kriegel. The PYC Race Committee also made a $100 donation. The amount of donations was a factor in getting the ratings adjusted. *Congratulations to DJ Johnson, who won the Amanda Werner Memorial Trophy.*

Commodores Cup #2 and Commodores Cup #3/June 20, 2020
The second half of the races on June 20 were supporting Navy Yacht Club Pensacola with the Commodores Cup #2 and Commodores Cup #3. These races had been postponed from earlier in the year. PYC offered to host the races and NYCP accepted.

Winners of CC #2:
- **Non Spinnaker Class –**
  - **1st Place**: Bob Kriegel (PYC) “Acadia”;
  - **2nd Place**: Chris Cantillo (NYCP) “Pearl”;
  - **3rd Place**: Julie Connerley (NYCP) “Coquina.”
- **Spinnaker Class –**
  - **1st Place**: David Johnson (PYC) “Raven”;
  - **2nd Place**: Paul and Rachel Gillette (PYC) “Atlantic Union II”;
  - **3rd Place**: Kirk Newkirk “Sea Ya.”

Winners of CC #3:
- **Spinnaker Class –**
  - **1st Place**: David Johnson “Raven”;
  - **2nd Place**: Paul and Rachel Gillette “Atlantic Union II”; and **3rd Place**: Tony Nichols “Phoenix.” Non-spinnaker winners were the same as CC #2.

GYA Gulfport-to-Pensacola Race
The traditional GYA Gulfport-to-Pensacola Race was successfully completed the weekend of June 26-27 with 26 boats participating. The last several boats ran out of wind and took lots of time finishing the race (photos on Page 15 were provided by P/C Guy Brierre of Southern Yacht Club).

Sir Thomas Lipton Challenge Centennial Regatta and Celebration
Unfortunately, the GYA Executive Committee and Board of Directors confirmed the postponement of the Sir Thomas Lipton Challenge Centennial Regatta and Celebration to September 2021. It will be held at Southern Yacht Club, as previously planned.

Lipton Anniversary merchandise and schedules are found on the GYA Website under the Lipton Centennial Logo on the left side of the GYA Home Page. In addition, the Centennial Committee is seeking sponsors for the events scheduled for the Centennial. The following link is provided for you to see how you might become a sponsor for the Sir Thomas Lipton Challenge Centennial Celebration. If you have any questions about the schedule, or the events planned, please contact me. You are also reminded that PYC has 30 copies of the GYA Centennial Salute Book, which covers the events from 1920 thru 2020 (prior to the arrival of Covid 19). These books are being sold for $60 each. It is an outstanding history of the Gulf Yachting Association. Please see Scott Segers or Jennifer in the office to purchase a copy.

“Catch the magic” at PYC’s MELGES 24 Atlantic & Gulf Coast Championship / Bushwhacker Cup. Practice racing, Melges 24 clinics and registration occur on November 13th, with racing scheduled for November 14-15 on Pensacola Bay.

NOTE:
Please keep your eyes out for a notice about a very non-traditional race called “The Two Bridges Farce,” which will likely be held in August. A very fun race for everyone.
Once again, we had to cancel a raft up. The Blue Angels Raft Up was shaping up to be a great weekend in Little Sabine. We were coordinating with The Pensacola Beach Elks Lodge to share the fun. Just as all the planning was coming together, everything was canceled due to the uptick in corona cases in the area. A few boats did make it to Fort McRee for a couple nights in the middle of the week. While there, we were thrilled to watch a Blues practice with several fly overs. Neither Fort McRee nor the Blue Angels ever get old.

As soon as it is deemed safe to meet as a group, I promise you there will be more raft ups. Everyone should think about different anchorages for raft ups because Fort McRee has been quite crowded during weekends this summer. Until we can enjoy each other's company in close proximity once again, we will have to be content to wave at each other as our boats pass on the Bay. Hope to see everyone soon.

**AN INVESTMENT - NOT AN EXPENSE**
We held our semi-annual planning meeting July 8th. Dan Smithson, Larry Morris, P/C Alan McMillan, Mike McCord, and Bob Kriegel were present for great speakers, superb chicken wings, & cold draft beer. Lee Gilreath, Director and Jim Dykes, Assistant Director/Road Captain, both with the Pensacola HOG Chapter, led a very interesting discussion about their rides. Their chapter has about 120 members, and they ride every Thursday and Saturday. The rides start around 9:00, and they typically cover up to 150 miles. They do have a strict no-alcohol mandate. They try to limit groups of riders to around 10 riders, ride in staggered formation – and try to maintain a separation of about one second of travel time or close enough to prevent other vehicles from cutting into the group. Each ground has a ride captain and a sweep-end bike, and they maintain communications using CB. Their monthly meetings are the second Saturday, 10:00, at the HD dealership, and you are invited to attend (and join, $20 plus national HOG membership). Their ride management has proven successful, and their discussion was tremendous.

Our best news is that Dan Smithson is doing great! He looks good and plans on getting back on his remaining bike – the “Royal Star” – cautiously, but soon! Here’s the proof!

Rear Commodore Dr. David Chandler gave a very well prepared and detailed presentation reviewing the history, development, and status of the Covid 19 pandemic. The virus is highly contagious, the entire population is susceptible, and those with morbidity factors (especially age & weight) are particularly at risk. His summary . . . It is here, and it is hard to predict where it is going or what the future impacts on our Club may be. The only certainty is that the spread can be somewhat controlled by attention to the three “W’s” – wear a mask, wash your hands often, and watch your separation. Thank you, Doc!

We did the best we could planning our remaining activities for this year given the “Covid unknowns.” As it stands, we will try to continue one monthly weekend ride and one monthly weekday ride (1st Wednesday of each month). There will be another Planning Discussion on August 4th, 6:00, PYC. Let Bob Kriegel, Steve Harp, or Mike McCord know if you are interested.

We anticipate a schedule somewhat as follows:

<table>
<thead>
<tr>
<th>Date</th>
<th>Event</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Wed. each month:</td>
<td>Meet at PYC, 10:00, Ride to Lunch!</td>
</tr>
<tr>
<td>August 29th:</td>
<td>Mike McCord will lead a ride. (destination to be determined)</td>
</tr>
<tr>
<td>October 1st – 8th:</td>
<td>P/C Alan McMillan’s North Georgia “Mountains and Mansions Ride”</td>
</tr>
<tr>
<td></td>
<td>There will be a group going up to join them, likely departing the Mon. Oct. 5th and staying at either last year’s cabin or at a recently opened motel. Let Alan or Bob Kriegel know if you are interested.</td>
</tr>
<tr>
<td>October/Early November (TBD):</td>
<td>Several weeks trip to the Utah area.</td>
</tr>
<tr>
<td>October 23rd – 25th:</td>
<td>“Thunder Beach” Panama City.</td>
</tr>
<tr>
<td></td>
<td>Another favorite, and there will be a group going. Let Bob Kriegel know if you are interested.</td>
</tr>
<tr>
<td>November 14 (?):</td>
<td>We need a ride leader volunteer for this one. The 14th looks like a good possibility.</td>
</tr>
<tr>
<td>December 30th:</td>
<td>“Last Ride-of-the-Year” Stagecoach Café - Stockton, Alabama</td>
</tr>
<tr>
<td></td>
<td>Another favorite, and there will be a group going! Let Bob Kriegel know if you are interested.</td>
</tr>
</tbody>
</table>

Lastly, if you have a bike, or know anyone who does – come on and go for a ride with us! Life is good!

Rare find! Located near the shores of Bayou Texar in East Pensacola Heights nestled under majestic old oak canopies, this charming home built on an 80’x100’ lot features wrap-a-round porches w/ attached cottage that has separate entrance, bath & kitchen. Built in 1955, this home has been updated & maintained w/ major renovations in 1995. Updates include opening room spaces for larger living areas and closet spaces. Master Suite upstairs w/ bath. 2nd upstairs. Enclosed sun room & screened porch. Main house has 3 bedrooms, 2 full baths. Attached cottage has 1 bedroom with full bath and full kitchen with enclosed former breezeway space as a finished interior space for access without having to go outside if desired! Separate exterior entrance for cottage on Brainerd St. Main house entrance is on Stanley. Separate driveways. Main house has garage. 3 HVAC units. Interior and exterior units recently updated and/or serviced. Attached cottage has own water heater, electric meter. Great for in-law Suite or artist studio. Move-in ready. Walk to nearby neighborhood grocery, restaurants, marina, yoga, outdoor gear and other retail shops. This unique property is located just one block from Bayou Texar and one block off Perry Avenue by Suter Elementary. Buyer to confirm square footage.
